

VISHAL K

Java Developer

3142243124

vishal.kududula@gmail.com

Kansas, Overland Park, 66223

Technical Skills

- **Languages:** Java, Python, C++, J2EE
- **Web Technologies:** HTML, CSS, JavaScript, jQuery, Angular, React, Bootstrap, Node.JS
- **Framework:** Spring, Hibernate, Struts, Spring Security, Spring REST
- **IDE:** Eclipse, IntelliJ
- **Database:** SQL, Mongo DB, Oracle, MySQL
- **Software Tools:** Apache, Microsoft Suite, Kafka, Maven, Docker, Jenkins, Jira, Swagger, Git, Mockito
- **Cloud Technologies:** AWS
- **Operating Systems:** Windows, Linux, iOS, Unix

Key Skills

- Agile Management
- Data Structures and Algorithms
- Object-Oriented Programming (OOP)
- Analytical and problem-solving skills.
- Strategic Planning

Summary

Analytical Software Developer with 6 months of experience. I have strong JavaScript knowledge in the computer program development team. Exceptional technical skills in coding and software development. Forward thinking professional talented at developing creative solutions for complex technical problems.

Education

- **Bachelor of Technology in Computer science**
Bharat Institution of Engineering and Technology
August 2016 – June 2020
CGPA – 6.5
- **Masters in computer science**
University of Central Missouri
May 2021 – July 2022
GPA – 3.6

Work History

Java Developer

Capital One

Sep2022 – Feb2023

- Developed GUI using Front end technologies like AngularJS, AJAX, HTML, CSS, and Client-Side validations were done using JavaScript.
- Used Nodes for establishing a dashboard for visualizing entire delivery of the applications in the CI/CD pipeline, by consuming API's which are being exposed.
- Developed the application using Spring boot and wrote application in MVC Design Pattern.
- Experience in developing and deploying AWS applications using tools of continuation integration such as Jenkins.
- Worked on Spring Controller Classes to stream the data from one environment to another environment.
- Developed prototype-based JavaScript to provide client-side validations and provided an interactive frontend GUI using AJAX.
- Used SOAP UI for testing the REST web services.
- Develop Micro service for core algorithm using Spring Boot.
- Implemented Spring MVC architecture using spring, JSP & Java beans to migrate from Struts Framework.
- Good knowledge in writing SQL queries and optimization.
- Install, configure, test, monitor, upgrade, and tune new and existing PostgreSQL databases.
- Used Rest Template for consuming Restful Web Services.
- Worked on developing REST web services as part of converting the existing applications to be separate entity and be accessed by RESTFUL calls.
- Used GIT version control to track and maintain different versions of the application.
